Good afternoon Mr. Fields

We reported this claim to the carrier and are looking for a response from them, I expect late this week or the first of next week. I will certainly get with you at that point. I know that the origin and cause investigator was still looking for some additional info from the fire department.

Our estimate of damage exceeded the coverage amount.

If you could please forward along that letter I would appreciate it.

**Josh Fields**  
**413 S 3rd**  
**Ponca City OK 74601**

This letter is being sent to you regarding your property located at 410 W Cleveland.

On April 21, 2020 I inspected your property and the following public nuisance(s) was found:

**Unsafe Structure:** Please demolish and remove all debris from the apartment complex. The apartments are unsafe and are so dilapidated that it is beyond repair. In the International Property Maintenance Code 108-1-1 an unsafe structure is one that is found to be dangerous to the life, health, property or safety of the public by being so damaged, decayed, dilapidated, and structurally unsafe or of such faulty construction or unstable foundation, that partial or complete collapse is possible.

Please help us keep your neighborhood safe and your property up to code by taking care of the violation(s). I will re-inspect the property on June 22, 2020 and it is my hope you have taken steps to correct the reported violation. If no progress is made to the areas of concern described above and you have not made contact with me by the re-inspection date then further action may have to be taken.

If you have any questions or would like to speak to me about this matter feel free to give me a call. Under certain circumstances extensions can be made if there is a valid and fair reason to grant the extension. I can be reached at (580)767-0359 (office) or (580)763-3788 (cell).

Thank You,
